DFRWS is non-profit organization dedicated to the sharing of knowledge and ideas about digital forensics research. Ever since it organized the first open workshop devoted to digital forensics in 2001, DFRWS has continued to bring academics, government agencies and private practitioners together in an informal environment. DFRWS sponsors annual conferences, technical working groups, and challenges to help drive the direction of research and development.

Previously Published Papers, Forensics Challenges, Student Scholarships and Sponsorship information can be found at www.dfrws.org
